

School Results 2019-2020

In March 2020, the Secretary of State for Education announced that the 2019/20 national curriculum assessments would not take place due to the coronavirus (COVID-19) pandemic.

The following assessments were cancelled:

- end of key stage 1 and key stage 2 assessments (including tests and teacher assessment)
- phonics screening check
- multiplication tables check
- science sampling tests
- all statutory trialling

The Department for Education recognises that this creates a gap in KS1 and KS2 attainment data for year 2 and year 6 pupils in 2020 and future progress measures that rely on that data will also be missing.

Due to school closure, as a result of the coronavirus pandemic, staff were unable to complete the Foundation Stage Profile for children in the Reception class (2019-2020).

School Results 2018-2019

Below is a summary of the results achieved in Year 1 phonics and results of Key Stage 2.

Children's phonic knowledge is assessed at the end of Year 1. Children who do not meet the expected standard in the Year 1 phonic screening test will be retested in Year 2. This is not a reading test and does not assess understanding or comprehension.

Y1 Phonic Screening	% of Year 1 pupils	Boys	Girls
St. Mary's C.P. School (2019)	89%	85%	93%
National (2019)	82%	78%	85%

50% of pupils passed the phonics resit in Year 2.

The curriculum and assessments (2019) at the end of the key stages have been designed to be much more rigorous and expectations have been raised.

Key Stage 2 Progress Scores

KS2 Progress Score	Average Progress Score in Reading	Average Progress Score in Writing	Average Progress Score in Maths
St. Mary's C.P. School (2019)	+ 0.25	+ 2.10	+ 0.45

A school's progress score for Reading, Writing and Maths are calculated as its pupils' average progress score. This means that progress scores can be presented as positive and negative numbers either side of zero. A score of zero means pupils in the school, on average, do about as well as Key Stage 2 pupils with similar prior attainment nationally.

A positive score means pupils in this school, on average, do better at Key Stage 2 than those with similar prior attainment nationally.

A negative score means pupils in this school, on average, do worse at Key Stage 2 than those with similar prior attainment nationally.
