You will receive an email to the email address that you have provided.
Click on the 'create your password' link.

This will take you to this page where you can create your own password and pin.

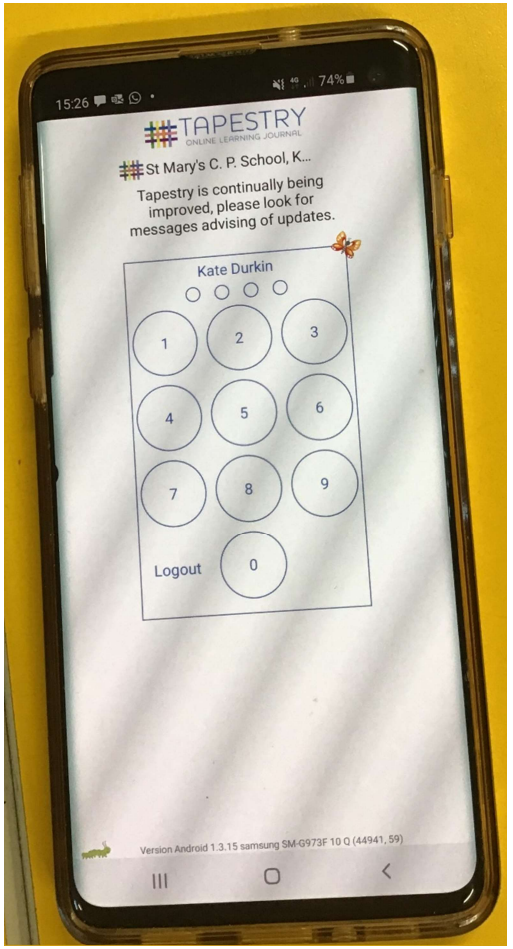

You can then log in to Tapestry on a computer by searching for 'Tapestry login' and log in with your email and new password or download the Tapestry app from the App Store or Google Play Store.

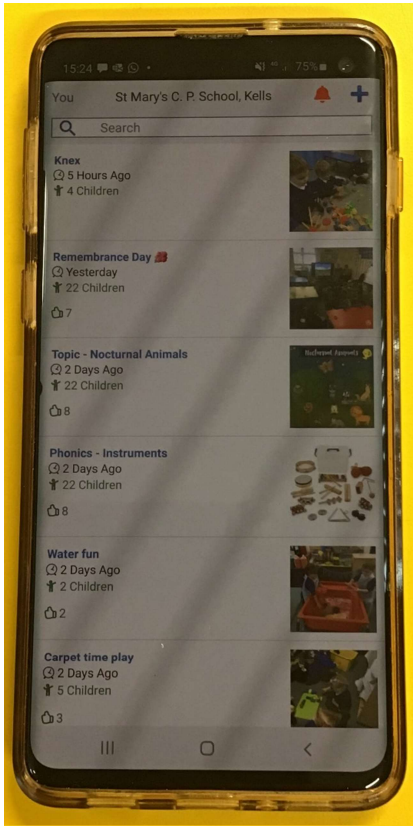

When you have downloaded the app on your tablet or phone, initially you will login with your email and the password that you have created on this screen.

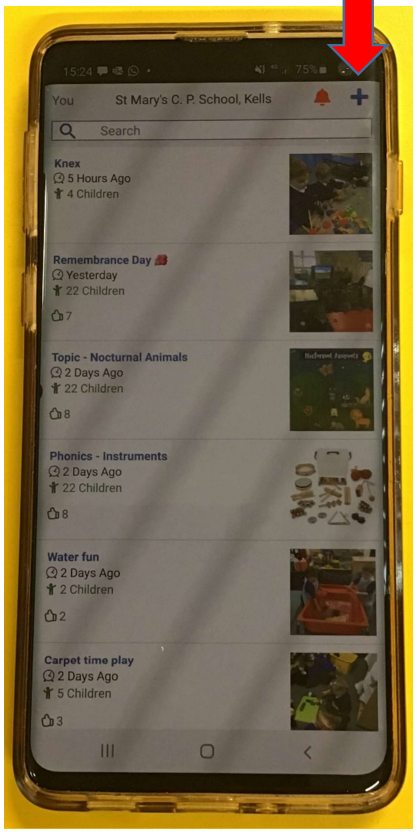

Then, going forwards, you will be able to login with the PIN that you created on this screen.

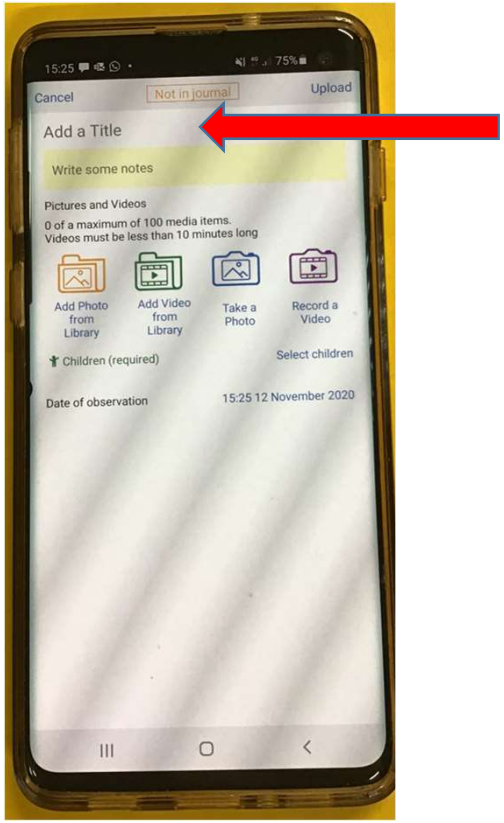

Once logged in, you will be able to see the observations that your child has been tagged in by staff. You can click on these to view photos/videos and observation notes. Home learning tasks, messages and newsletters etc… will also appear on here.

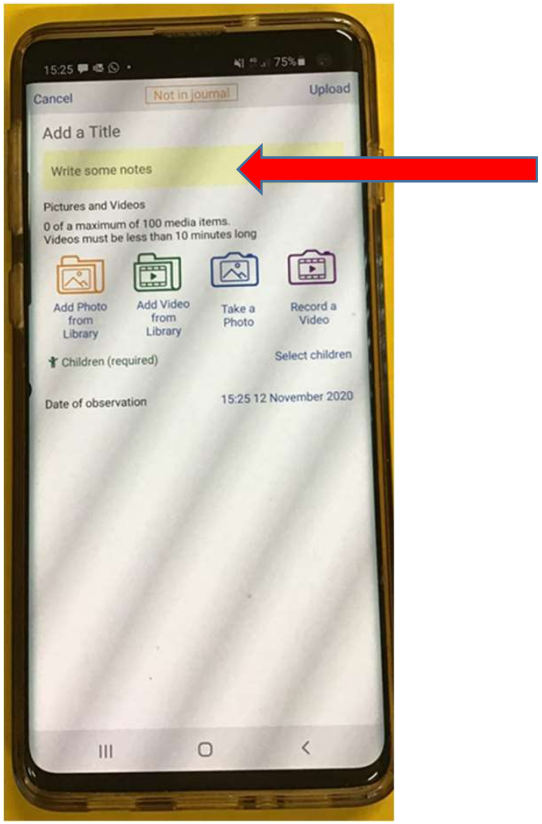

From this same screen, you can add home learning and observations from home. Click on the + tab in the top right hand corner.

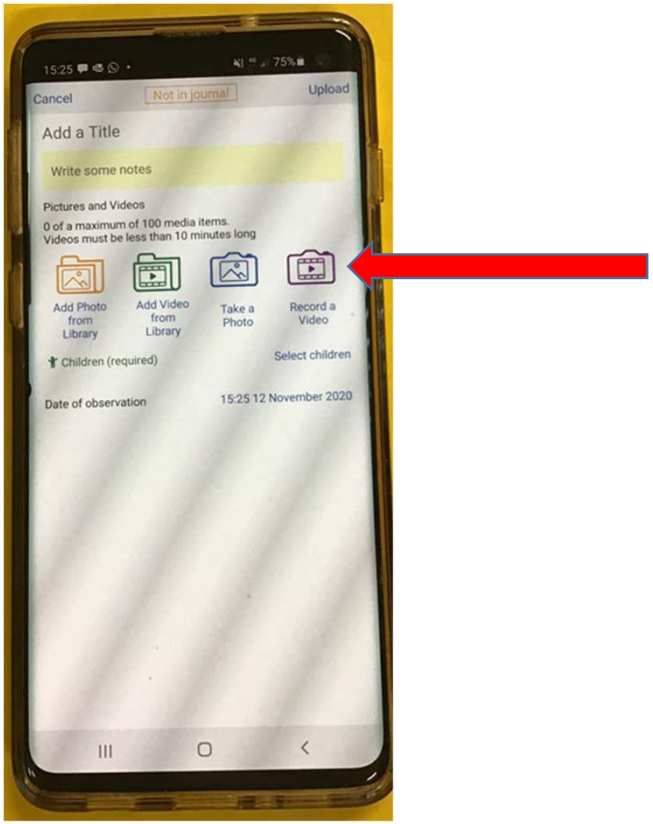

Once you have clicked on the +, you will see this screen.
Firstly, add a title for the home learning here…

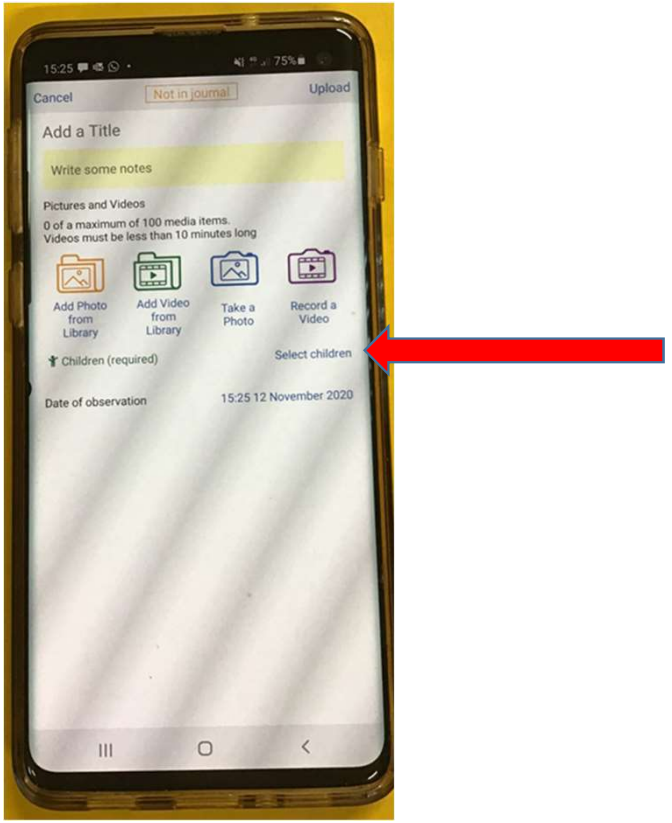

Then write a little note to tell us what your child has been doing here…

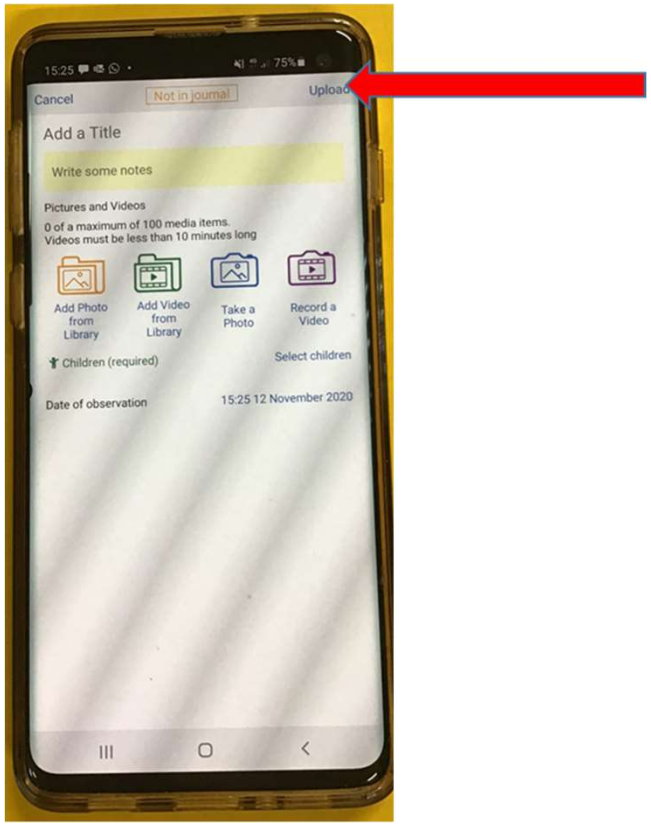

Then add any photos or videos either from the library on your device or take them from Tapestry by clicking on the appropriate one of these icons…

Finally click on 'select children' here… (There will only be your own child come up here, but you need to click on them.)

Ten all you need to do is click on 'upload' here…

Any questions please don't hesitate to get in touch on Tapestry, via ringing school and leaving a message and we will ring you back or via email

Nursery – Miss Hillon
claireh@kells-stmarys.cumbria.sch.uk

Reception – Mrs Murphy
helenr@kells-stmarys.cumbria.sch.uk

Reception – Mrs Sibbald
